Announcement of New Multiple Units of 5 for SIRIUS ACT

Dear Siemens customer,

From 1st October 2019, pertaining to the SIRIUS ACT range, new MLFB (part numbers) will apply to **Holders (plastic and metal), Contact Modules and LED Modules (24V only)**.

There will be from this date, separate part numbers for single items and packs of 5. We in South Africa prefer using only the part number for single units. Hence, please use for the following part numbers, the new part number from the 1st October 2019.

This will ensure that there is no confusion, incorrect quantities delivered and billing issues when 5 items are delivered on less than 5 being ordered.

The new suffix will have to be used with the list laid out below.

In case of any further questions or encountered problems, don't hesitate to ask your SI CP contact or via e-mail to lvswitchgear.za@siemens.com.

Yours faithfully
SIEMENS (PROPRIETY) LIMITED
With kind regards

Kruben Bennie
Vice President SI CP Southern and Eastern Africa

Geoffery Mazibuko
Head of Finance SI CP Southern and Eastern Africa
