MLFB-Ordering data: 1LE1503-3AB09-0AB4-Z
L22+M1E

Motor type: 1CV33108

Motor protection: IE3

Environmental conditions
-20 °C - +40 °C

Ambient temperature
1000 m

Altitude above sea level

Notes
I_{N} = locked rotor current / current nominal
M_{N}= break down torque / nominal torque
M_{L}= locked rotor torque / torque nominal

1) Value is valid only for DOL operation with motor design IC411

Technical data are subject to change! There may be discrepancies between calculated and rating plate values.
